**What to Expect:**

Farm Alley is held at a privately owned homestead, a fully fenced 5-acre landscape. There is a large mature walnut grove, and a fully forested riparian ecosystem. Tree climbing, mud play, creek play, rock jumping, running games, and pond exploration are a part of our camp experience. We introduce strong safety guidelines at the beginning of each camp to support a positive, responsible, and safe camp experience. The farm hosts two resident dogs, a cat, and a handful of sheep and goats.
